Skills

Programming / Tools: Figma, HTML, CSS, JavaScript, Tailwind CSS, MySQL, Java, React, Typescript, Next JS
Soft Skills: Problem Solving, Communication, Teamwork

Projects

1. **Online Booking System –** [HTML, CSS, JavaScript, PHP, MySQL]

- Developed a responsive web application for restaurants to manage table bookings online.
- Implemented features like user registration, booking slots, and email confirmation.
- Designed and maintained the backend database using MySQL for storing user and booking data.
- Improved booking efficiency by providing a simple and interactive interface for users.

2. Calculator App – [JavaScript, React, Tailwind css**]**

- Developed a web-based calculator with basic arithmetic operations (addition, subtraction, multiplication, division).
- Implemented a user-friendly interface with responsive design for seamless interaction.
- Ensured accurate computation and instant display of results, saving results history and enhancing user experience.

3. Form Validation System – [React, Zod, React Hook Form**]**

- Developed a client-side form validation system to ensure accurate and secure user input handling.
- Enhanced user experience by preventing invalid submissions and guiding users with clear validation prompts.
- Shows the entered result in the same page after form submission.

4. XYZ-FLUX: A Creative UI Showcase – [React.js, Tailwind css **]**

- Developed a creative and interactive web application with a component-based architecture and fast build workflow.
- Designed responsive UI with dynamic content and smooth interactions while maintaining clean, reusable, and scalable code.

5. Smart Expense Tracker – [Java, MySQL**]**

- Developed a console-based application to track personal expenses.
- Integrated MySQL database using JDBC for persistent storage.
- Implemented features to add, view, and calculate total expenses.

6. JPANI Market- [Front-end- using Next.js, Tailwind css**]**

- Developed a modern e-commerce platform implementing routing, fast page rendering, and reusable components.
- Designed responsive and user-friendly interfaces to improve performance, scalability, and overall online shopping experience.

Certifications / Achievements

1. **GitHub Tutorial for Beginners** — Great Learning Academy
   August 2024

- Successfully completed a free online course covering GitHub fundamentals, repositories, version control, and collaboration workflows.

2. **UI/UX Designing Workshop (5 Days)** — CSIT Association of BMC, Butwal Multiple Campus
   August 21–25, 2024

- Completed a 5-day hands-on workshop focused on UI/UX principles, design thinking, wireframing, and use of Figma for interface design.

3. **Event Support Volunteer** — .NET Conf 2024
   ASP.NET Community, Nepal

- Contributed to planning, coordination, and execution of a major developer conference.
- Appreciated for commitment and role in ensuring the event's success.

4. **6-Day Practical Core JavaScript Bootcamp**
   Code for Change - 2025

- Completed an intensive hands-on bootcamp focused on core JavaScript concepts, DOM manipulation, functions, events, and building interactive web features.

5. **Responsive Web Design Certification** — *freeCodeCamp*
   January 8, 2026

- Learned HTML, CSS, Flexbox, CSS Grid, and responsive design principles.
- Built multiple frontend projects including Tribute Page, Survey Form, Product Landing Page, and Personal Portfolio.

6. **A2 English for Developers**— *freeCodeCamp*
   January 8, 2026

- Learned professional English communication for software development environments.
- Practiced technical vocabulary, developer discussions, and workplace communication.

7. **Oracle Certification on Oracle Cloud Infrastructure AI Foundations -** *Oracle University*

- Earned an official Oracle digital badge verifying knowledge in Oracle technologies.
